WE SAVE LIVES

Animal Outreach Saves Lives. 2018 marks our 26th year in the community saving the lives of animals. We are a no kill shelter that reduces euthanasia in overburdened municipal shelters by rehoming over 2,500 cats and dogs annually and providing low or no cost spay/neuter surgeries or vaccinations to over 10,000 pets.

Animal Outreach of the Mother Lode takes animals in danger of euthanasia at other Northern California shelters and give them love, care, and medical treatment, and then find them loving forever homes

Location: Shingle Springs

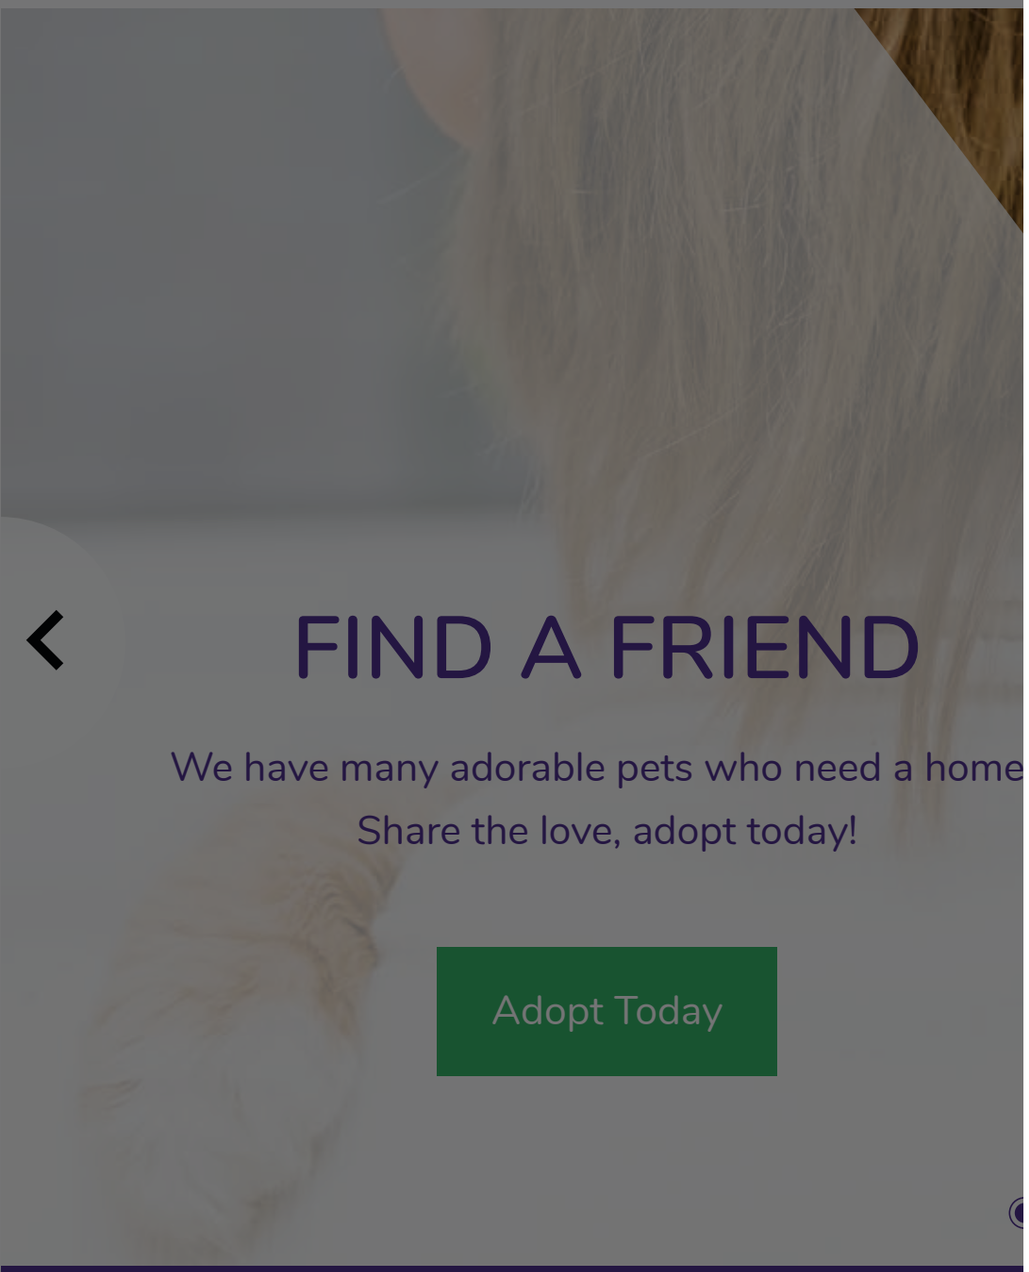

This tiny little tiger is full of energy. He's playful and a little cuddle bug who loves to snuggle after play time. He would be happiest with at least another kitty to keep him company. He loves all toys and loves to hide behind house plants like he's in the jungle. Sprite is quite the purr machine, letting you know he's happy and gives lots of affection, including those rough little kitty kisses.
